

Franco Emerges as Factor In Europe's Power Battle; British Double Field Army

Half Dozen More Republican Towns Capitate Today to Nationalists; Europe Weighs Franco

Axis Affiliation

France and Britain Worry Over Whether Franco to Cling to Axis

(By The Associated Press)
Authoritarian Nationalist Spain, rapidly consolidating all Spaniards under Generalissimo Franco's banner, emerged today as a factor of new importance in the struggle for European power.

Franco's victorious troops—Spaniards, Moors and Italians—moved through the last republican fourth of Spain, reaching Valencia on the Mediterranean only 24 hours after Madrid's capitulation and hastening the finale in the 32-month civil war.

Other Towns Fall
A half dozen other republican towns turned over their administrations to Nationalists.

Thousands of Nationalist troops swarmed in Madrid fortifications which through 28½ months of siege had been the main citadel of Spanish Republicanism.

In Europe's capitals the uppermost question was concerning what role Franco, taking his place among the world's authoritarian rulers, would play in swiftly changing European events.

France and Britain, anxious over their Mediterranean communications lines, were fearful he might succumb to the Rome-Berlin axis which backed him with men and guns. An unfriendly Spain could seriously threaten French-British supremacy in the Mediterranean.

British Increase Force
In London Prime Minister Chamberlain announced in Commons today that the strength of the British territorial army would be doubled, giving it a total of 340,000 men.

Nationalist Spain, too, might add new weight to the Rome-Berlin axis in tense Central Europe by keeping France concerned with problems closer to home.

In mid-Europe some Polish quarters saw a statement published by the German foreign office mouthpiece as the first change of changed relations between Poland and Germany. The statement warned Poland against the wiles of "foreign siren," which many Poles believed was a reference to French-British efforts to bring Poland into an anti-aggression declaration. Poland fears Germany may try to add the Polish Corridor and the Free City of Danzig to the expanding Reich.

Speech Is Approved
The French cabinet approved a speech Premier Daladier will make in a world-wide broadcast tonight designed to answer Italy's territorial demands against France.

In London, the British cabinet debated the question of conscription and diplomatic moves to check Nazi expansion. In some British quarters there was a growing clamor for conscription or some other form of compulsory military service to offset the armies of totalitarian powers.

In Tokyo the foreign office spokesman said Japan had "decided to strengthen" the anti-commintern agreement which links her with Germany, Italy and Hungary. Although he did not specify how it would be strengthened, there were reports last week that Germany was pressing for a military agreement with Japan to supplement the anti-Communist pact.

Republican Wins

Isaac B. Itchell to Serve in State Senate in Place of Late Perley Pitcher

Watertown, N. Y., March 29 (AP)—Republicans regained their 27th seat in the state Senate with the election of Isaac B. Itchell, LaFargeville dairyman, to the unexpired term of the late Perley A. Pitcher.

In the special election yesterday, Mitchell defeated his Democratic opponent, Frederick J. Pendergast, Carthage attorney, in the 37th District.

An unofficial tabulation by Republican headquarters gave Mitchell 8,199 and Pendergast 1,699 votes in Jefferson county with only one district missing. In 53 of 79 Oswego county districts, Mitchell led, 2,922 to 638.

Pitcher's death in his Albany hotel room more than a month ago cut Republican membership in the Senate to 26; a bare working majority.

Latest Trouble Spot in Europe

The Polish Corridor, giving Poland access to the Baltic Sea, and the so-called free city of Danzig form the latest sore spot in Europe, as Adolf Hitler turns his eyes from newly-absorbed Memel. Danzig is now dominated by Nazis, and German newspapers have commenced reporting "incidents" in the corridor.

Roosevelt Leaves German Church Is Congress Engaged Step Nearer Rule In Several Scraps By Nazi Authority

Chief Executive Goes South to His 'Other Home' at Warm Springs; Some Issues Might Pop

Washington, March 29 (AP)—President Roosevelt, departing in mid-afternoon for a 10-day visit to his "other home" at Warm Springs, Ga., is leaving Congress embroiled in a half dozen major scraps.

Neutrality, labor relations, relief, farm aid, social security and tax legislation will keep the legislators busy while he is away. Some of the issues may come to a head during that time and produce the most heated arguments of the session.

Before going to Warm Springs, Mr. Roosevelt will stop tomorrow at the famous Tuskegee Institute, negro school founded at Tuskegee, Ala., by the late Booker T. Washington. He will make a brief talk to the students.

Foreign Situation
In addition to congressional developments, Mr. Roosevelt will be kept informed about the foreign situation. The end of the Spanish civil war places two problems before the administration: When to recognize the victorious Franco regime and when to lift the embargo on munitions shipments to Spain.

Officials said that removal of the embargo, which was applied under the neutrality law, need not await recognition of Franco.

The general problem of changing the neutrality law was brought up today before the Senate foreign relations committee. Mr. Roosevelt has suggested revision, contending that in its present form the law might endanger rather than remove war threats.

The President's \$532,000,000 defense program has hurdled most congressional barriers, but other spending proposals are stirring up bitter controversies.

Mr. Roosevelt won one monetary victory last night when the House refused to vote \$250,000,000 for farm parity payments which he had not included in the budget. The fight was far from ended, however, for there were predictions that the Senate would approve the fund.

Another Argument
The President stirred up another agricultural argument yesterday by proposing a cotton export program which would include payment of \$1.25 a bale to producers who release their federal loan cotton to the market. It also would provide a subsequent moderate payment on cotton exported. The plan brought prompt objections from southern senators.

Tax revision to add business continues to be a subject of congressional discussion, but some influential Democrats predicted the end of the social security program. The latter probably would include Secretary Morgenthau's suggestion that imposition of another \$300,000,000 in old age insurance taxes be delayed.

Mr. Roosevelt expressed hope that Congress would tax the income from future issues of government securities, as a result of the Supreme Court decision ending income tax immunity for federal and state employees.

Revision of the Wagner Labor Relations Act is sought by some members of Congress as an encouragement to business, and Senate hearings have been set for April 11.

Order Is Given That Any Member Has Right to Choose Pastor Other Than Regular One

Berlin, March 29 (AP)—Nazification of the Evangelical (German Protestant) Church was advanced another decisive step today on the orders of Friedrich Werner, president of the supreme church council.

It was ordered that any church member has the right to choose some pastor other than the regular pastor for performance of "the individual duties of his office, for religious instruction or even for his entire churchly ministration."

Must Turn Over Church
The regular pastor must in such case turn over the use of the church and its appurtenances to a pastor chosen by the parishioners.

The orders further provided that members of the congregation who find their conception of religion deviates from those of the regularly ordained pastor may demand that a minister whose views correspond to theirs be appointed at least as assistant pastor.

The orders also provide that a pastor may be removed from his church against his will if it seems desirable to re-district parishes or "if he can no longer conduct his office within his congregation in an advantageous manner or if the preservation of order in his congregation so demands."

Opening Wedge Feared
Many members of the confessional synod, which is part of the German Evangelical Church but which has stood for independence of the church from the state, fear this order is another opening wedge for Nazi control even in their parishes.

While on the face of things it appears confessional members, if in a minority, similarly could demand the services of a pastor to their liking, yet one important proviso in the orders renders such a hope illusory.

This says that a demand must not be complied with "if the fear seems well founded that special services or ministrations may violate decrees of the state or of the church government."

Conway Sewage Bill Is Approved by Senate And Awaits Governor Lehman's Signature

Albany, March 29 (Special)—Awaiting signature by Governor Herbert H. Lehman today, as the result of Senate approval Tuesday afternoon, is the bill of Assemblyman J. Edward Conway of Kingston providing that discharge of city sewage into waters of the Hudson river shall not be unlawful or be required to be discontinued prior to January 1, 1944.

The Conway bill, which was sponsored in the Senate by Senators Arthur H. Wicks of Kingston and Allan A. Ryan, Jr., of Poughkeepsie, was introduced by Mr. Conway following an announcement made earlier this year by Charles A. Holmquist, chief of the sanitation division of the State Department of Health, that conditions described as "distinctly a menace to health" were found in the state's survey made along both shores of the Hudson river for a distance of about 40 miles from a point north of Kingston

to a point opposite West Point. At that time, Mr. Holmquist said:

"Fortunately the movement of the river is well under way. Many sewage treatment plants will be constructed in municipalities along the Hudson this year, and in the not too distant future we may confidently look forward to a clean river."

Opposition by Mayor Conrad J. Heiselman of Kingston to immediate commencement of construction of a disposal plant is based upon the additional financial burden it would place upon the city. The cost of such a project to Kingston, it has been estimated, would be at least \$450,000. Two plants would be required for Kingston, with an annual cost of maintenance in the neighborhood of \$12,000.

State-Wide Milk Hearing April 10

Public Assembly at Capital Announced to Satisfy Farmers' Demands

Albany, N. Y., March 29 (AP)—The Senate agricultural committee scheduled today a public hearing on legislation designed to correct defects in the outlawed Rogers-Rhoda Fox Graves, Gouverneur Republican chairman, announced the development amid efforts to speed a high court ruling on invalidation of the law. She said the hearing would be held April 10 "in response to state-wide requests from farmers."

Mrs. Graves said a majority of the requests dealt with a bill introduced by Senator Joseph D. Nunan, New York Democrat, designed to meet objections of Supreme Court Justice Francis Berman in invalidating the law February 22.

Deals With Price Fixing
Nunan's bill deals specifically with the price-fixing and equalization features of the law, now inoperative after suspension by Agriculture.

(Continued on Page Two)

She told a house appropriations subcommittee in testimony made public today that the department had maintained a "very fine balance" between the two groups even though one frequently accuses it of favoring the other.

Never Takes Action
She disclosed that the department never takes an action affecting one of the labor organizations without advising the other.

Her testimony was given out along with that of Elmer F. Andrews, wage-hour administrator, who told the committee his division is looking for someone willing to start a long fight against the fair labor standards act so that the Supreme Court may get a chance to rule on constitutional questions.

Andrews Speaks
Andrews said that, generally speaking, industry had shown a "wonderful spirit of co-operation."

Andrews also told the committee: "That about 7,000 of the 10,000 cases involving violations of the new law need investigation. That the administration has no intention of asking congress to include farmers in the act."

That without giving direct credit to the act, labor department statistics show employment has risen since it became effective last October.

Criticism of the department's handling of alien deportation was voiced in the hearing.

Parade May 6 as Part of Bud Fete

Motorized Floats to Symbolize Spirit of Festival; Prizes to Be Offered

Tentative plans have been discussed for a large motorized parade on Saturday afternoon, May 6, as one of the major events of the Second Annual Ulster County Apple Blossom Festival, it was announced today.

It is the opinion of the committee that a gigantic parade will add to the interest of the festival and attract larger crowds from communities of the area.

Various organizations including fraternal groups, service clubs, youth organizations, civic and promotional associations, commercial firms, sportsmen's clubs and other groups are asked to begin arrangements to take part. Prizes will be given in recognition of outstanding units in the parade.

It has been suggested that some communities might wish to form their own local units for the parade and come later to take part in the countywide event.

The various organizations are asked to be represented at a meeting which will be called in the near future to discuss final plans for the parade.

Much of the success of the festival this year, it has been pointed out, will depend largely upon the size and general effectiveness of the proposed parade. It is hoped to have a number of attractive floats and several bands which will ride on large trucks.

Racketeer With Evil Past Must Answer Charge He Tried to Defraud the U. S. of \$110,000

New York, March 29 (AP)—John Torrio, called Johnny the Immune, was summoned for trial today on charges of defrauding the federal government of \$110,000 in income taxes.

The trial was scheduled to start at 10 a. m., but for an unannounced reason was postponed until 2:30 p. m.

Torrio, a mild-mannered little man whose appearance belies the sinister reputation he gained in the slam-bang days of bootlegging and racketeering, has been free in \$100,000 bail since he was arrested nearly three years ago in a Westchester county retreat.

For the three-year period covered in the indictment, 1933 to 1935, Torrio is represented by the government as having netted a total of \$332,000, from sources undisclosed, while paying taxes on a mere \$10,000.

Capone's Deposition
Among the evidence amassed by the government is a long deposition from Torrio's one-time protégé, Alphonse Capone. It was an income tax evasion that sent Capone to Alcatraz.

Among those called to testify, either personally or through deposition, are Charles ("Lucky") Luciano, now serving a 30-year term of vice charges; J. Richard "Dixie" Davis, former attorney for the Dutch Schultz beer and policy combine, also in prison; Frankie Costello, slot-machine king; Salvatore Spitalo, erstwhile volunteer intermediary in

House Committee Votes \$100,000,000 to Run WPA To July 1, Disregards FDR

Assembly Passes Crossings Measure

Albany, March 29—The State Assembly today passed 110 to 4 the bill of Senator Arthur H. Wicks, of Kingston, carrying out provisions of the grade-crossing elimination amendment to the state constitution which was adopted in the general election last November.

The Wicks bill will go to the Senate for concurrence in an amendment to the bill which was offered in the assembly last week by Harry A. Reaux, assemblyman from Warren county.

A provision in the Reaux amendment reads to the effect that the State Department of Public Works instead of the railroad companies shall have charge of letting the contracts and spending the money on grade crossing projects.

The Wicks bill provides also that the state shall pay the cost of all grade crossing eliminations and after they are completed, the railroad company involved may be assessed a portion of the cost according to the benefits the railroad receives.

The railroads, however, are not to be assessed more than 15 per cent of the total cost of construction.

Assembly approval came after rejection of two proposed amendments, one to provide hearings on any elimination decision and the other, to prevent railroads now having elevations to return to street level during elimination work.

Four-Year Terms For Senate Loom

Assembly Votes Resolution Proposing Amendment By 90-22 Vote

Albany, N. Y., March 29 (AP)—Both houses of New York's Legislature moved today for a four-year term for state senators, instead of two, by approving resolutions proposing such an amendment to the constitution.

First Action
Albany, N. Y., March 29 (AP)—New York's Assembly took the first step toward four-year terms for Senators, instead of two, by voting a concurrent resolution proposing such an amendment to the constitution, 90 to 22.

Brief debate ended in complete Republican and some Democrat support for the measure. Principal objection came from Democratic Minority Leader Irwin Steingut, who asserted "law-makers should be responsive to the voters for their actions, and a short office term has this result."

Republican speakers supported the proposal as the "American plan" for carrying out a legislative system of check and balance between law-making houses.

Assemblyman Reaux, who introduced the resolution, explained it as the "people hadn't changed the term of Assemblyman from one to two years" I would feel as Mr. Steingut does, but with both Senators and Assemblymen now elected for two year terms a change must be made, or we'll soon have a unicameral legislature.

Nucleus of Revolt
The stand of the Binghamton business group was termed by Henry M. Champion, chairman of the state budget emergency committee claiming taxpayer representation in 35 counties, "the possible nucleus of a general taxpayers' revolt against government extravagance."

Meantime Assemblyman Charles O. Burney, chairman of a committee investigating alleged weaknesses of unemployment insurance, sought an extension of time for the committee report, due tomorrow, until after the scheduled recess of the legislature this week until April 10. The added time, he said, "would give us a chance for further study and perfection of our recommendations."

It would mean also at least two weeks' further delay in senate action on confirmation of State Industrial Commissioner Frieda S. Miller's reappointment, deferred until completion of the study of jobless insurance administration which she heads.

The senate codes committee pondered the fate of three bills to abolish present lunacy commissions after a public hearing in which immediate legislative action was advocated "to end a racket" and delay was urged to permit a study of the whole problem of mental and crime.

The bills would provide for sanitary examinations by qualified psychiatrists.

Merchant Revolt Threatens if Sales Levy Becomes Law

Sufficient Democratic Aid Appears to Pass Measure in Case of Republican Legislators' Split

Albany, N. Y., March 29 (AP)—Possibility of sufficient Democratic support to assure legislative approval of any Republican-sponsored sales tax appeared today amid rumblings of revolt against payment of such a levy.

A senate Democratic source said the minority, to avoid any prolonged delay in adoption of Governor Lehman's proposed budget—now at the record total of \$415,032,222—might give sufficient votes for a sales tax to offset any defections in Republican majority ranks.

Binghamton Serves Notice
The statement came after notice to legislators by the merchants bureau of the Binghamton Chamber of Commerce that businessmen there would "refuse to pay and collect" a sales tax.

Majority chiefs have expressed confidence a sales tax can be passed in the assembly but concede the possibility of its defeat in the senate which, with 26 votes necessary, the party controls, 27 to 24. At least three senate Republicans were reliably reported opposed to a sales levy.

Any offer of Democratic aid, it was said, would be made only if the Republican financial program calls for elimination of Governor Lehman's proposed imposts on real estate and business turnover and a sales tax appears "the only way out of a long budget wrangle." Republicans would have to take "full responsibility," the source added.

The stand of the Binghamton business group was termed by Henry M. Champion, chairman of the state budget emergency committee claiming taxpayer representation in 35 counties, "the possible nucleus of a general taxpayers' revolt against government extravagance."

Meantime Assemblyman Charles O. Burney, chairman of a committee investigating alleged weaknesses of unemployment insurance, sought an extension of time for the committee report, due tomorrow, until after the scheduled recess of the legislature this week until April 10. House Throws Out 250 Million Farm Appropriation Last Evening

Washington, March 29 (AP)—The House appropriations committee disregarded President Roosevelt's estimate of relief needs today, voting \$100,000,000 to run WPA until July 1.

The President had asked \$150,000,000.

Referring to the Chief Executive's request, the committee said in a report criticizing some WPA operations that "it feels that its proposal is on the side of liberality."

The \$100,000,000, it said, would make the total available for WPA in the present fiscal year \$2,163,868,406, compared with \$1,427,701,991 in the preceding year and \$1,833,456,971 in the year before.

More Than Would Justify
"This expense should not be building up," the committee said, "however, recognizing that time is the essence now because of the pressing need, however brought about, to project administrative procedure for the remainder of the fiscal year, the committee, perforce, has pursued a more liberal policy than a searching inquiry probably would justify."

Congressional economy leaders counted on support of disappointed farm belt members in their efforts to hold down the WPA appropriation to some figure less than \$150,000,000, which the measure reaches the floors of the House and Senate.

The House threw out a \$250,000,000 farm parity fund by a 204 to 191 vote last night, after having approved it tentatively a few hours earlier; 175 to 171. Many Senators, however, predicted its restoration when the agriculture department appropriation bill is considered in their chamber.

Administrative Economies
The House committee said that WPA should be able to make administrative economies which will make unnecessary expenditure of the entire additional \$100,000,000. It said administrative expenses of the WPA were "unjustifiably high," that it felt there could be "no possible justification" for an average expenditure of about \$500,000 a month for travel and subsistence and \$150,000 for communications, that projects occasioning "disproportionately high labor and material costs should be frowned upon."

In the latter connection, the committee said a case in point was use of more than \$300,000 for relief funds to erect an exhibit building at the New York World's Fair.

With Disfavor
"The committee is constrained to look with disfavor," it informed the House, "upon the employment of relief funds in that way, as it does upon other portions of the program, which could and should be restricted and curtailed and thereby release or make available funds for the employment of a greater number of persons in actual need, and at the same time, remove some of the public criticism of this activity."

The committee figured that under the order of Congress to remove from the rolls persons not in actual need, WPA would dismiss 88,975 persons at a saving of \$16,262,425. Savings resulting from the dismissal of aliens, again under congressional mandate, were calculated at \$7,015,000.

In addition, the committee

And Perforce Wash tubs Fail to Become Bathtubs and Gotham Loses Tax

New York, March 29 (AP)—A ruling by the appellate division that wash tubs aren't bathtubs may save thousands of dollars for New York property owners.

Owners of an East Side tenement paid \$75.50 in city taxes assessed for "baths" at \$4.50 a bath. They pointed out the tenement was not equipped with bathtubs.

City officials, however, said tenants in the building used stationery wash tubs adjoining the kitchen sinks for their Saturday night ablutions and that therefore the wash tubs were bathtubs.

Denying the city's contention yesterday, the appellate division held:

"The distinction is not quite as obvious as the difference between a horse chestnut and a chestnut horse, but it is clear enough."

Stocks, Bonds and Commodities Were Lower on Tuesday

Stocks, bonds and commodities averaged lower Tuesday. On the Stock Exchange the industrials opened up nearly a point and a half below Monday's closing prices and at the end of the year showed a loss of 1.81 points in the Dow Jones averages, to 139.33. The bulk of trading was in the first hour, when 250,000 out of the day's total of 690,000 shares changed hands. The latest European agitation, friction over the Danzig corridor, along with the surrender of Madrid over foreign affairs and had its effect on the market. The rail averages showed a loss for the day of 0.40 point, down to 23.34; utilities were off 0.38 point, to 23.50.

There were partial rallies in some commodities in late dealing yesterday, particularly rubber and hide futures, but the general undertone was unsettled. Reflecting rising tendencies in the Liverpool market, wheat futures rose and Chicago closed 3-8 higher. Trading in cotton was heavier than in some time and the market closed unchanged to three points higher.

Bonds showed firmness in late trading, but the majority of issues closed below Monday's levels. Government issues were easier and foreign issues sold off.

The London market, with industrial averages losing over a point. Business was almost at a standstill on the Amsterdam market with domestic issues lower. Paris Bourse closed irregular with trading inactive.

For the first two months of this year Commonwealth & Southern shows net income equal, after preferred dividends, to five cents a common share, as against two cents a common share in the like 1938 period. New York, March 29 (AP)—Unable to get going up or down, the stock market became stalemated today.

Minor gains and losses were mingled near the final hour. The position of the market generally was about the same as yesterday's closing levels.

Transactions, running at the rate of 400,000 shares for a full session, slowed to the smallest in weeks as many traders deserted the market after a forenoon rally stalled.

Markets all around had an air of suspense as traders waited the scheduled speech later in the day of Premier Daladier of France for hints of the next move on the European chessboard.

Bonds and commodities were uneven in quiet trading.

Steels spurted after an opening set-back, then yielded most of the advance. Clinging to small gains, most of the time were American Telephone, Montgomery Ward, Kennecott, Caterpillar Tractor, Sperry, Sears Roebuck and Union Carbide.

Tending lower were Johns Manville, New York Central, U. S. Rubber and Westinghouse.

said, President Roosevelt's original request for \$75,000,000 to run WPA through June 30—Congress trimmed \$150,000,000 from the total—contemplated complete exhaustion of prior appropriations by February 1.

Later it developed, the committee said, that there was an unexpended balance of \$145,985,711 on January 31, or enough to meet the pay roll of the first week of February, amounting to \$15,750,000. Liquidate other pay roll obligations incurred prior to February 1, amounting to \$73,576,680, and leave an unobligated balance of \$26,659,034.

Hair Style Show Attended by 1,000

Latest in Coiffures Seen at Local Auditorium; Dancing Follows

More than 1,000 spectators attended the spring showing of new hairdresses, Tuesday, at the municipal auditorium, sponsored by the Charles Beauty Salons, and saw 24 mannequins display the spring styles for matrons, misses and children.

Each model was introduced and her headress described by Russell Fabian of the National Broadcasting Company, who officiated as master of ceremonies. Zucca's orchestra accompanied the show and played for dancing.

Models included the Misses Dorothy Wilson, Mabel Holden, June Hommel, Helen Johnson, Catherine Myers, Marianne Davis, Mabel Comerford, Kay Bernadine Bennett, Jennie Martin, Louise Lawrence, Thelma Lemister, Lorraine Jenks, Patsy Hallinan, Mildred Best, Patsy Warner, Joan DeCicco, Lillian Dargan, Elizabeth Gambino, Norma Thill, Helen Comasick, Adeline Weider, Kay Perry and a Miss Mottman.

Entertainment consisted of solos by Martin Kelly, tenor; dances by Ann Donovan, Doris Merriweather and Blossom Barnett of the Cashin school and piano solos by Amelia Altamari.

State-Wide Milk Hearing April 10

(Continued from Page One)

Official of the agriculture department, meanwhile, said they were continuing work on their appeal from Bergen's ruling and that they hoped to complete their briefs "sometime during April."

Allowing two weeks for the Court of Appeals to study the case, a decision was not expected before mid May.

Nunan's measure seeks to meet Bergen's assertion that the 1937 law provides a "naked delegation of legislative power" to the agriculture commissioner by providing that equalization features of the law shall apply to "all grades of milk and produced by all breeds of cows."

Discusses Bill

Meantime, the Assembly rules committee, now handling all pending legislation in that house, discussed a companion bill by Assemblyman Howard N. Allen, Dutchess county Republican. No decision on whether to report the bill to the floor was reached. They added further discussion was anticipated.

Other "milk" developments: Ice cream manufacturers contended at a public hearing on a bill seeking licensing of importation into New York state of dairy products to be used in ice cream was "discriminatory" and that it would not aid New York farmers.

The division of milk control announced compliance with New York laws requiring bonding of dealers purchasing milk in the state "is the best" and that bonds totaling \$2,594,462 were filed during the license year ending March 31.

John T. Cahill, recently appointed U. S. attorney, headed the prosecution while Max D. Steuer, nationally known trial counsel, directed Torrio's defense along with that of four co-defendants.

Block Buys Refrigerator

Mortimer Block, store owner of Accord, yesterday accepted delivery of the first 1939 McColl refrigerated showcase to be sold in this territory.

This showcase, purchased through M. Reima, local distributor of General Electric range, chandise, is a 10 foot long and weighs in the neighborhood of 1,600 pounds.

In installing the showcase in Mr. Block's store, eight men were needed. The entire front of the store had to be removed in order to get the case inside.

Salary Tax Bill

Albany, N. Y., March 29 (AP)—Legislation to make salaries of federal employees taxable in New York state was introduced in both houses of the Legislature today as the result of a United States Supreme Court decision which granted the state the authority to levy taxes on federal workers' incomes. They were introduced by Senator C. Tracey Stag, Ithaca, and Assemblyman Maurice Whitney, Rensselaer county, both Republicans.

Norris' Impression

Washington, March 29 (AP)—Senator Norris (Ind.-Me.) said today he had "gained the impression" in conversations with President Roosevelt that the Chief Executive does not want to run for a third term. Norris, an administration supporter and third term advocate, explained that the President never had actually told him whether he would run again.

U. S. Uses Tillson Rock Wool Output

Six Tons of Waterproofed Insulation Material to Go to Fort Totten

Increased use of the superior brand of rock wool manufactured at Tillson by the Duggan-Smith Rock Wool Co. is reported by Harry Bunnell, superintendent of the plant.

Its product has won government recognition and the company has just shipped to Fort Totten six tons of its waterproofed rock wool, the contract having been secured through successful competitive bidding.

This is an initial order, but it is possible that it may prove the entering wedge for contracts covering 400 to 600 tons of the insulating and fire-retarding material.

The Furness-White line of boats running from Brooklyn to Bermuda is another customer which for several months past has been taking many tons of the local product. The rock wool is used for insulation purposes on the boats, of which the line has 171 of all kinds, and its installation aids materially in keeping fire, such as bananas, pineapples, etc., in good condition. Formerly it was necessary to replace the insulation about every trip, but with the new waterproof wool manufactured by the Tillson concern, one installation serves for three or four trips. So far there are supplied 14 boats of the line.

The machine product was installed under direction of Mr. Bunnell, who also developed the spray formula. The liquid is sprayed on the molten lava during manufacture and the result is a product that is fire-retarding and resistant to moisture.

Mr. Bunnell said this morning that the plant was employing seven men steadily and had a capacity of about 12 tons of rock wool a day. With the demand for the product increasing as it is he has hopes of increasing the output to 20 or 25 tons a day and giving employment to 18 or 20 men before the end of the summer.

Negligence Action Continues Today

Case Against Mrs. F. Tyler for Personal Injuries Before Schirick

Continued Tuesday afternoon and this morning in supreme court before Justice Harry E. Schirick and a jury was the negligence action brought by Mrs. Charles Malloy of Phenicia against Mrs. Frank Tyler of Phenicia, an action brought to recover for personal injuries which plaintiff suffered in August, 1936, while a passenger in the Tyler's automobile.

Plaintiff was returning home from Kingston when Mrs. Tyler, when the car left the road. Mrs. Malloy, seated in the rear of the car, was injured. The accident happened at West Hurley.

to show that as a result of orders issued by Secretary Perkins immediately after she took office deportations had dropped from about 18,000 annually to less than half that number.

Miss Perkins told the committee that one of the contributory reasons for the decline of deportations was discontinuance of the immigration service's practice of arresting without warrants aliens suspected of illegal entry. Another important factor, she said, was the sharp drop in immigration shortly after the depression set in.

Edward J. Shaughnessy, deputy immigration commissioner, told the committee immigration has been at a "practical minimum" in recent years compared to a decade ago.

Stamps In The News

Perhaps the principal of Monaco doesn't figure much as a nation in international politics, but its new stamps commemorating the Curies are much in demand. It was 40 years ago (November, 1898) that Marie Curie and her husband, Pierre Curie, discovered radium, the miraculous metal which aids in the cure of cancer.

Much of the appeal in the new stamps to collectors is because Monaco, as a nation, is a freak. This nation, which covers an expanse of 395 acres, or eight square miles, lies along the Medi terranean in the resort belt of Southern France.

It's not only the smallest nation in the world, but has the densest population (3,100 per square mile) and is one of the wealthiest. In fact, it's so wealthy that it has no taxes.

The cost of government is more than covered by revenue from its casinos, at which natives are not allowed to gamble.

Most-publicized spot in the tiny country, of course, is fabulous Monte Carlo. But although the principality's revenues come mostly from Monte Carlo, the state is run by the Grimaldi family, which has been in power since the 12th century.

The new stamps—two in number—are issued to help in the fight against cancer. One stamp, bearing portraits of the Curies, is priced at 65 centimes with a surtax of 25 centimes and is green in color. The second one, in blue, shows buildings that face palm trees on the right. This one carries 175 centimes value plus 50c. surtax.

Also Afghanistan

Another state commemorating the discovery of radium is independent Afghanistan, a constitutional monarchy in Western Asia about the size of Texas. The country, whose main article for export is the wool of its fat-tailed sheep, will use the proceeds of the stamp to help build a new cancer hospital.

Radium stamp carries a picture of the Curies working in their laboratory. The stamp, printed in blue, is for 15 poul. Perf. 12.

Three In One

Switzerland is one united country, but it has three official languages, which makes for complications in the issuing of new stamps. Its latest set is issued on the occasion of the National Swiss Exposition to be held in Zurich beginning May 6. Three values are issued, each in three different languages, to make a total of nine.

The nation was originally formed from bits of the imperial kingdoms, Germany, Italy and Hungary, for common defense against a common foe—the Hapsburgs. Despite vast racial, religious and political differences, the nation has hung together remarkably well.

In 1874 the revised constitution provided that the nation have three official languages, German, French and Italian. All three are now used in parliamentary debate, in the public notices and on the stamps. In actual usage, German is spoken by about 70 per cent of the people, French by 22 and Italian by about 8 per cent. The remainder of the population speaks one of the two unofficial languages, Romansch or Latin.

The exposition which the set commemorates is held every 25 years to show the progress Switzerland has made in industry, agriculture and cultural development. The last exposition was held in Bern.

Values of the three issues are 10, 20, and 30 centimes. All nine stamps bear the white cross on an orange shield. The 10 centime stamp, in purple, bears pictures of 10 persons who represent Swiss vocations. The 20 value, in red, shows a family group. And the 30 value, pictured above, is in blue. Perforation for all is 11½.

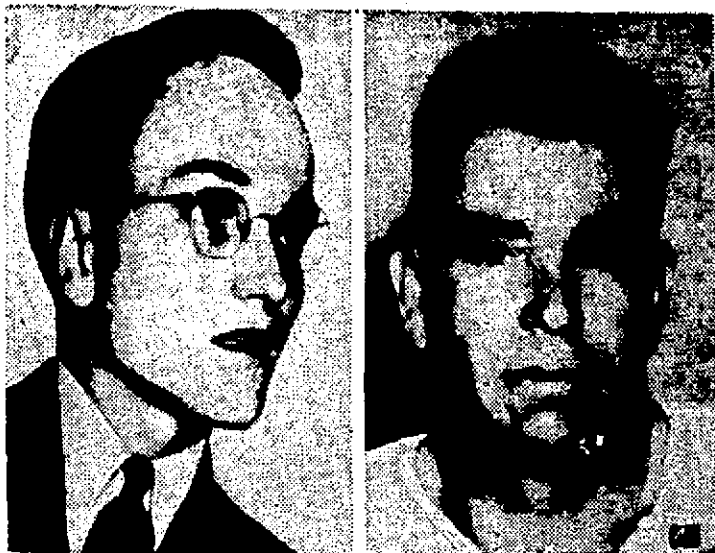

The three stamps (one of each issue) printed in German read, "Schweizerische Landesausstellung"; those in French, "Exposition Nationale Suisse"; and those in Italian, "Esposizione Nazionale Svizzera." All of which mean—in English—"National Swiss Exposition."

Hasbrouck Signs Order Annuling Whelan Marriage

An order of annulment of the marriage of Lillian May Whelan of Kingston against her husband, Michael J. F. Whelan, has been signed by Judge G. D. B. Hasbrouck, official referee, following a hearing held March 20, 1939.

The action for annulment is brought on the theory that the defendant is confined to a state institution. Married August 22, 1934, at Kingston, the plaintiff is granted the annulment and is awarded custody of two children. The matter of proof of earnings of defendant upon which to base a claim for an allowance for support and maintenance of the children may be taken later.

Abraham Stireiter appeared for the plaintiff.

To Give Address
A special address will be given by the Rev. Arthur G. Carroll, pastor of St. James M. E. Church, this city, at a Good Friday service in St. John's Methodist Church, Malden-on-Hudson. The service will open at noon and continue through until 3 o'clock. The Rev. Mr. Carroll will speak between 2 and 3 o'clock. Several other ministers will also speak at the service.

KINGSTON, NEW YORK, MARCH 29, 1939.

AMERICAN REARMAMENT
The huge rearmament bill finally passed by Congress on March 22 provides for building up the fighting strength of the army air corps in both planes and personnel, improving defenses of the Panama Canal, and the placing of orders for war materials to "educate" American industry in their production.

There seems to be widespread national approval of such measures, based not on American eagerness to go to war but on the strong belief that adequate preparedness may help to prevent threatened war. Hitler's amazing conquests have been made by show of force, not by fighting. Observers of the situation inside Germany believe that while that government was better prepared for waging war last September than Great Britain and France, its superiority is rapidly disappearing. They believe that when the superiority is clearly on the "Stop-Hitler" side of the European line-up, the dictators will not dare to make war and will even stop their bloodless aggression. American rearmament, accompanied by clearly expressed American disapproval of the dismemberment of Czechoslovakia and the whole German policy of mastery of Europe, should add weight to the anti-Hitler movement.

That, at least, is the American hope. If it proves groundless, it will be even more important to be prepared for self defense and for protection of the Americas.

WHAT IS DEMOCRACY?
If we are to preserve our American democracy and pass it on unimpaired, it is important to understand it. Here is a good statement written in 1910 by J. W. Garner in his Introduction to Political Science:

"Democracy is a form of government in which the majority of the adult population participates directly or indirectly. It is founded on the theory that the average man is qualified to participate in the affairs of state, and that he is particularly qualified to select rulers who will govern in the interests of the nation.

"It is contended in behalf of this form of government that only through popular control is it possible to prevent the government from ruling in its own interests or in the interests of some particular class. Equally important with the influence of the people upon the government, however, is the influence of the government upon the people.

"Democracy, so it is argued, is in itself one of the most powerful educational forces in the world today, lifting entire peoples from the contemplation of their own personal affairs to a consideration of problems of national and international magnitude."

Do we Americans fit this definition so well as we did when it was written 29 years ago? Or better? And how about our sister democracies in Europe and Latin-America?

SLOPPY SPEECH
This little lecture on American speech is delivered by Dr. Hubert Greaves of Yale University, addressing a group of advertising men:

"Of all English-speaking peoples we probably have the worst articulation. We force people to guess the meaning of a third of what we say.

"We slur our vowels, speak in too-low tones and drop our voices to end a sentence. It makes us masters of the uncompleted sentence.

"One of our commonest self-imposed handicaps is speaking monotonously in only three or four speech tones when we should use an octave. This makes it harder for people to listen and to distinguish our meaning.

"Far too many of us never let our faces light up. We are what is known as frozen faces, cow faces, dead pans and sourpusses. We should let our faces be radiated by the ideas of the mind.

"Our schools, which carefully train us to think and express ourselves verbally, have ignored the fact that articulation, tone and body action are also mediums of communication."

That one idea of using a whole octave of tones instead of speaking in monotone would do much to brighten talk. English people speak that way, making little tunes of con-

versational phrases. Abolition of the dead pan, too, is worth considering, in spite of a current notion that it's a mark of social superiority. Composure can be so overdone that it becomes, as you might say, decomposed.

MORE TENDER BEEF
Dr. M. D. Coulter of the Mellon Institute has lately announced a new method of making meat tender which should banish the tough beefsteak from every family and restaurant table. The process was discovered by four years of research in the realms of light, heat and humidity. It requires merely subjecting the meat to ultraviolet radiation at certain temperature and humidity.

Tender beef has been too expensive for common consumption. According to Dr. Coulter, the average person goes through life without ever tasting a choice steak. Because large capital investments are required for storage, only the finest cuts can profitably be "hung" for successful ripening, which requires four to eight weeks.

The tenderizing can be accomplished by the new process within two days, and the cheapest and toughest cuts respond to the treatment. This will raise all edible beef "approximately one grade in palatability."

All the natural flavor, food values and juiciness will be retained. Even chuck and hamburger may be thus glorified without increasing their cost.

This is good news for meat-eaters. The cheaper cuts, apparently, will approach the better ones in flavor and tenderness, while the better cuts approach the others in moderate price.

Great Britain has given the Chinese some credit "to bolster their money." A lot of Americans would like some money to bolster their credit.

A man used to want a leather chair when he retired from business. Now he wants a set of golf sticks and a touring car.

People are never satisfied. They don't want planned economy, and they don't want planned spending, either.

People probably learn more when they're not trying to improve their minds.

HEADACHE DUE TO SINUS INFECTION
I have spoken before of the causes of pain in different parts of the head. Thus, in and over the eyes is due to eye strain; higher on forehead is due to sinus trouble; still higher on forehead and at back of head is due to indigestion and gas pressure. That is, the pain in the majority of cases is due to these causes.

Headache is one of the cardinal or outstanding effects of inflammation of the frontal sinus above the eyes—and this fact is not always suspected by the patient or sometimes by the physician.

In speaking of the headache due to frontal sinus trouble, the sinusitis headache, Dr. Francis White, New York, in the New York State Journal of Medicine, says:

"The headache may be entirely absent or so severe that the patient threatens to die. It is not relieved. In an ordinary case, the first head discomfort is felt when the head is lowered, as in stooping, the feeling being described as 'if something heavy and painful wants to fall out.' A sensation of fullness or bursting may be felt in the same place when the patient coughs or strains."

A characteristic of headache from sinus trouble that enables the physician to tell the difference between frontal sinus and other kinds of headache is that the patient will state that the pain begins at a stated time, gradually grows worse, then gradually becomes easier and disappears several hours later at almost the same time every day. While the head is aching, tenderness over the frontal sinus (just above the eye) may be very great. Photophobia (fear of light) may be complained of, and the eyes may be bloodshot.

When the sinus in upper jaw—either side of nose—is infected and causing pain, the pain is in the cheek or in the upper teeth. An X-ray examination will show whether an infected tooth or an infected sinus (antrum) is causing the pain.

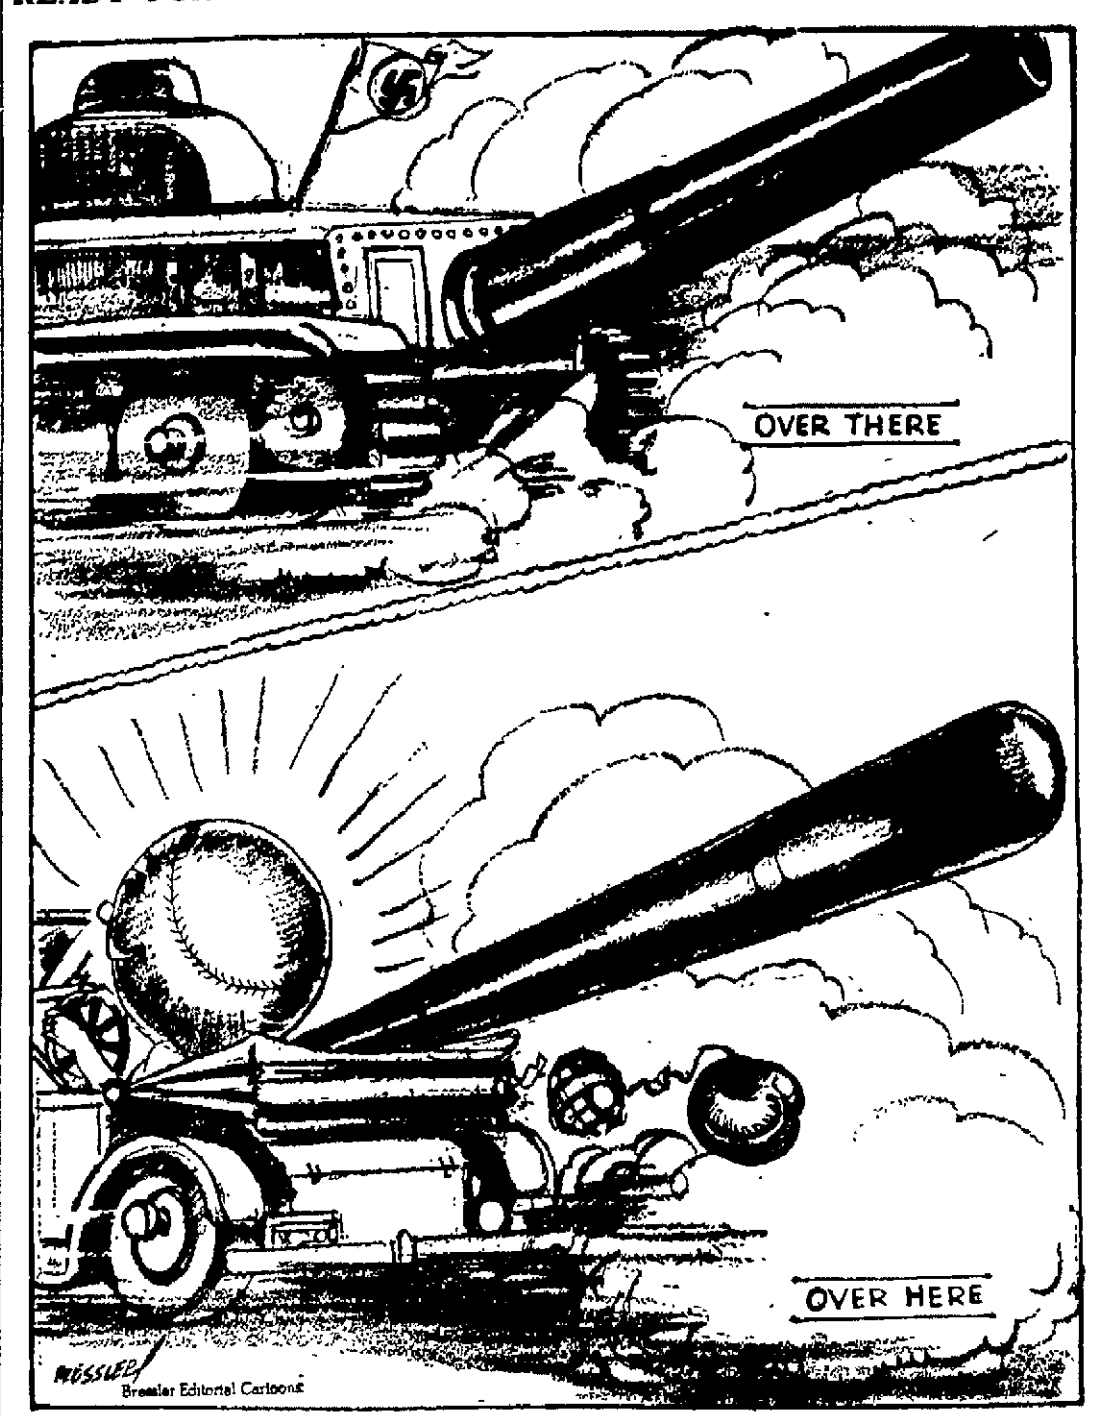

Pain of acute infections of the other sinuses—back of nose in line with eyes—may be behind the eyes, back of head, or behind the ear.

The above information, outlining the kind of pain and its location, should enable patients to tell whether or not their particular headache is due to sinus infection.

Health Booklets
Nine helpful health booklets by Dr. Barton are now available for readers of the Kingston Daily Freeman. They may be obtained by sending ten cents for each one desired to cover cost of service, to The Bell Library, 247 West 43rd street, New York, N. Y., mentioning the name of this newspaper. The booklets are: Eating Your Way to Health; Why Worry About Your Heart?; Neurosis; The Common Cold; Overweight and Underweight; Food Allergy or Sensitivity; Scourge (gonorrhea and syphilis); How Is Your Blood Pressure? and Chronic Rheumatism or Arthritis.

Politics Will Creep Into Problem of Placing State and Federal Employees on Tax Rolls
By DAVID LAWRENCE

(Copyright, 1939)
Washington, March 29.—Congress has the power to tax state employees and the states have the right to tax federal employees—but this is no sign that either or both will exercise that power fully.

Politics will creep into the problem and exemptions will become a matter for pressure. Already it is apparent that the addition of some 3,655,000 persons to the potential tax rolls is a political development of major proportions.

For the new power to tax means that the employees of the various state political machines will be subject to a drain, and it is not their numerical position, but their influence which will count. What will happen, also, when states start taxing army and navy officers who may be stationed for a year or more in their jurisdiction? And what of some of the low-paid school teachers in several states who hitherto have been exempt from federal taxes?

The problems that will arise when legislatures and the federal government get busy on the taxing power will inevitably affect political trends. Thus, there have been added by the judicial decision of the Supreme Court of the United States this very week millions of persons to the ranks of those who want to see a program adopted which will balance the budget some day and curtail expenses.

If the military establishment is included, the total federal employee rolls amount to about 1,150,000 persons and the state and local employees combined run about 2,506,000 more. Here, therefore, is a sizeable total of families about to be subjected to taxation not heretofore. This comes at a time when the country is seriously concerned about fiscal policy and when a national election is in the offing. The chances are the party of power will benefit by whatever resentment the new tax policies may bring. That is one reason why legislatures and Congress may go slowly about applying the new taxing power too abruptly or too extensively.

There can be no doubt that the Democratic administration here looked with favor on the agitation for the abandonment of the system in vogue heretofore, whereby reciprocal immunity from taxation was enjoyed. It would appear from a reading of the Supreme Court opinion that the immunity of the last 120 years was but a technical matter and that all these years the Constitution really did not exclude federal and state employees from being taxed by state and federal governments, respectively. Such a sensational change moves Justice Frankfurter to submit a separate opinion, which, while concurring in the 6 to 2 vote of the court, taxes cognizance of the surprise which the public may feel at this outstanding instance of a reversal.

Mr. Frankfurter's comment is significant, and one paragraph in particular will come back in the future as a sort of challenge of inquiry whenever the Supreme Court, with its preponderance of new justices, should reverse apparently deep-rooted precedents and traditions of American jurisprudence.

Speaking of the old-time custom of explaining important decisions with individual opinions, Justice Frankfurter says, "his concurring opinion on the tax case, that this tradition 'still has relevance when an important shift in constitutional doctrine is announced after a reconstruction in the membership of the court.'"

It may be that the justice did not intend to give any unusual meaning to the word "reconstruction," for normally, as vacancies are filled on account of death or resignation or retirement, there is no occasion to refer to the membership as having been particularly reconstructed. Assuming, however, that the public recognizes that the Supreme Court has been reconstructed by President Roosevelt, it is interesting to note Mr. Frankfurter's further comment, which may prove very significant in the future. He adds:

"Such shifts of opinion should not derive from mere private judgment. They must be duly mindful of the necessary demands of continuity in civilized society. A reversal of a long current of decisions can be justified only if rooted in the constitution itself as an historic document designed for a developing nation."

The foregoing may, indeed, be a warning that, if, as has been believed, the supreme court is composed of men whose views run along with Mr. Roosevelt's, this does not mean that the new justices should substitute their private judgments for those established precedents and constitutional interpretations which rest upon sound principles of jurisprudence. It may be inferred that Justice Frankfurter has discreetly announced that, so far as he is concerned, at least, he has taken the oath to be a justice without mental reservation or obligation to any other cause except honest justice. He will not be alone in that respect, for there are other examples, notably Justice Harlan Stone, who, though a Republican attorney general under President Coolidge and a close friend of President Hoover, wrote the famous dissent in the AAA case and supported by his vote other interpretations of the constitution espoused by the New Deal. Everybody in Washington who follows such things knew he had no personal sympathy with the AAA or some of the other measures he was passing upon, but that, when he dealt with these matters before the court, he brushed aside every vestige of previous personal or political judgment and considered only law and the constitution. Mr. Frankfurter has really expressed in the quoted paragraph above the highest tradition of the Supreme Court of the United States.

3½' x 4½' and a Loan Under the National Housing Act will Build a **KOHLER LAVETTE**

WHY not arrange for a Lavette—a first-floor wash-room—in your home? Think of the time and steps it will save, the convenience when guests come. Kohler has designed a new lavatory of easily cleaned vitreous china—the Strand. Note the shelf top (4" wide), ideal for toilet articles and extras.

trans. All-metal fittings are grouped on the back wall, out of the way... chromium finish is easily kept gleaming.

Distinctive in design, the lavatory matches the compact Bolton toilet, which has a quiet, positive syphonic action, to produce a thorough cleansing flush with a minimum of water. It prevents contamination of fresh water supply through back-syphonage. Lavatory and toilet are low-priced.

Let us explain how the U. S. Government makes it possible for you to borrow from \$100 to \$2,000 to modernize your plumbing. No mortgages... no delays... no red tape... no down payment. Lowest rates in history... up to three years to pay.

It's Important,

when you do decide to build a home or to remodel or repair your present one, to select only the best of building materials... the only kind we carry. Our way of putting it is this—"You may buy cheaper materials, you may buy more costly material... BUT... you can't buy better materials."

It's Important Too,

to remember that we want to be of service to you whether you buy or not. If you have a building problem, ask us, we'll do our best to help you and there is no obligation on your part.

ASSOCIATED PRESS PICTURE NEWS

WHAT THE HILL HIDES is shown in a new safety device tested near Hartford, Conn. It reflects by means of 17 triangular prismatic glass bars laid parallel across the face.

DETROIT PRELATE. Archbishop Edward Mooney (above), is among the high-ranking Catholic clergy considered as strong possibilities for new post as cardinal. Pope Pius XII is expected to name a successor to the late Cardinal Hayes.

QUITTING THEIR BIBLICAL ROLES briefly, "Christus" (right of pillar) and members of the cast of "Veronica's Veil" stop for lunch. This is the 25th year of presentation for the "passion play" that has drawn thousands to Union City, N. J.

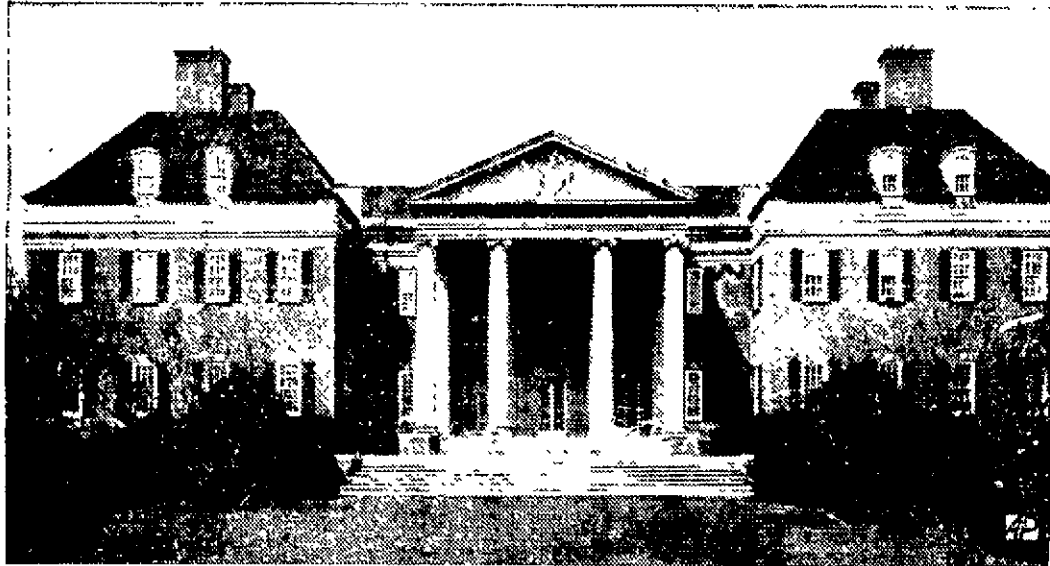

THE LANGUAGE OF SIMPLICITY spoke for this seven-year-old boy who found a picture he could readily understand in the \$1,500,000 Central Illinois Art exposition at Bloomington. The canvas is Alexander Brook's "Cautious Visitor."

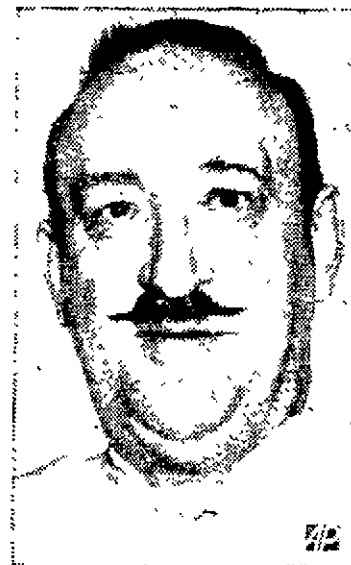

PRETTY SOFT for this young softball enthusiast whose mother, Mrs. Milo Solomito rigged up this carryall to accommodate her son, Milo, much as Indian mothers do, carrying their papooses. Mrs. Solomito plays softball in Memphis.

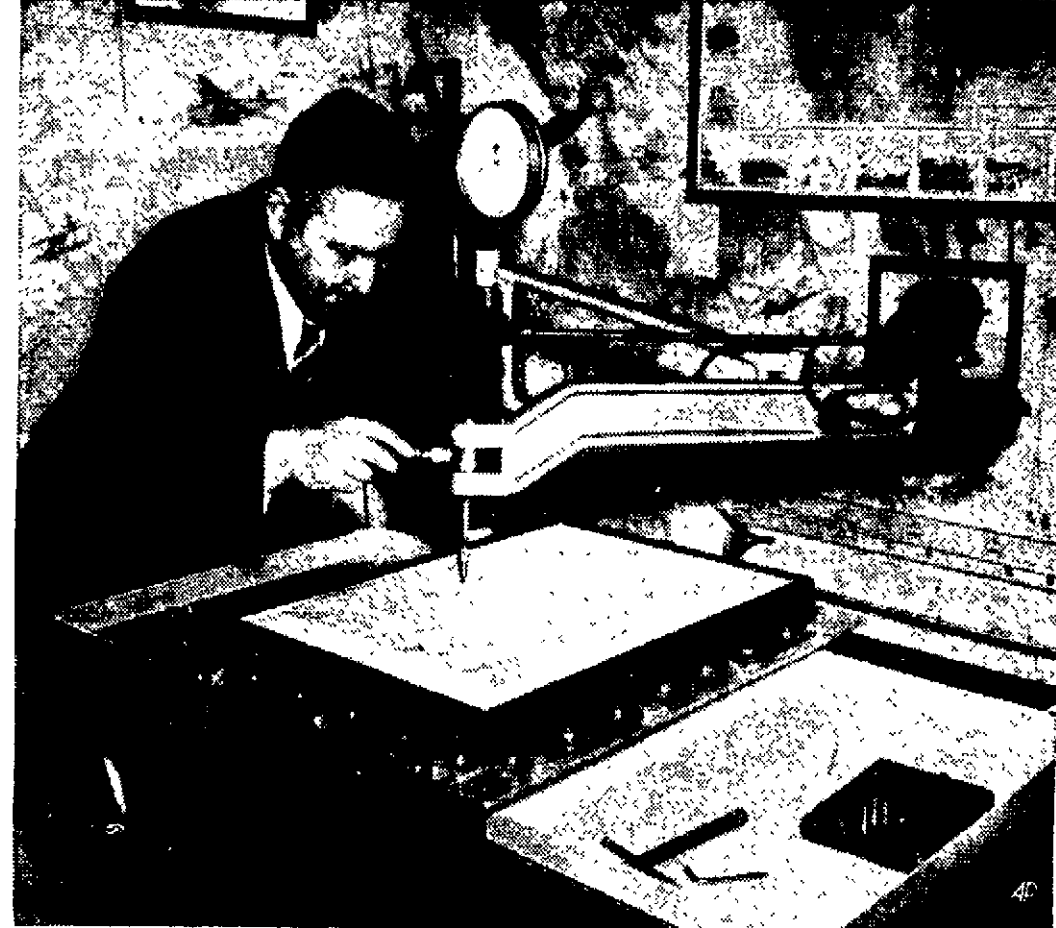

'TAKE IT EASY' fell on unheeding ears when Hazel Grace of Des Moines sat on the sidelines at the women's A.A.U. basketball tourney in Wichita, Kas., and watched her team in action. By remote control she shared every play.

A BIT OF ENGLAND IN A STRANGE LAND, this is the British embassy in Washington, where King George and Queen Elizabeth will probably call during their visit to America.

ROYAL JOWLS will feel the masterly touch of Paul Tasse (above), 50, for this redheaded barber in Ottawa, Canada, has been chosen to accompany King George—in a professional capacity—when Britain's ruler tours Canada and U. S.

INTO THE REALM OF THIRD DIMENSION moves John J. Braund (above) of the U. S. Coast and Geodetic Survey who has perfected a third-dimension, or relief map-making machine. He explains that the device "will make a model with all technical information on its face in about one-fifth of the time and cost of other methods." He finds speed a particular asset.

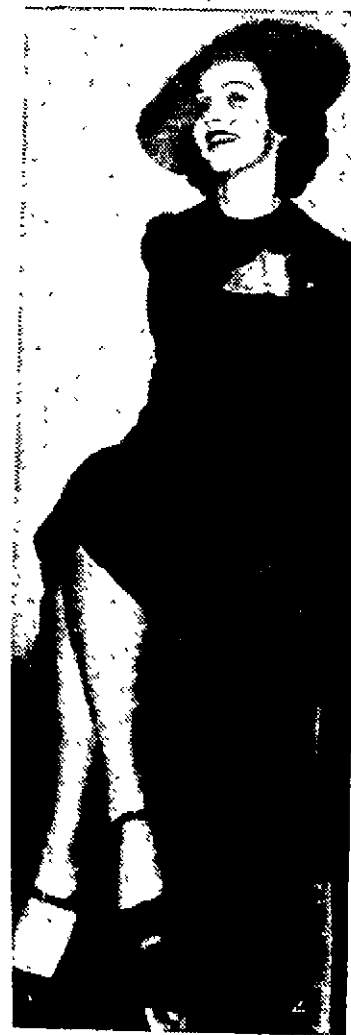

PANAMA'S PROBLEM. as told by Miss Georgia Jimenes de Rivera (above), first Panama woman ever to receive a Ph.D. degree, is "whether to adopt the culture of Paris or New York." She is to receive her doctorate at Columbia this June.

DOES YOUR JAW ACHES? Then think of the misery that could lurk in this lower jawbone once owned by a 91-foot Antarctic blue whale. The bones, each weighing about a ton, are being examined by Thomas Horne at National museum, Washington.

NO SWEETER MUSIC can John Barrymore hear, he confessed to Physicist Albert Einstein (left), than "the sound of applause." Barrymore, forsaking Hollywood after 15 years, heard plenty when he starred in "My Dear Children" at Princeton.

OFF-KEY NOTES just can't appear in Dorothy Lou Hummel's symphony of good luck. An 18-year-old concert pianist from Cleveland, Miss Hummel (above) is to have a film career in Hollywood despite her lack of previous acting experience.

'FOR WOMEN ONLY' may apply to shabbied poses in some longwinded—but not in Boston where Arthur Hadden (left) and Lawrence O'Toole, newspaperman, adopted the crossed-legs and hand-waving poses sometimes used by members of the future sex. Under the command of Capt. Sterling Hayden, these and eight other adventurers sailed an 88-foot brig to the South Seas.

Women's Field Army Drive Begins April 1

A conference of workers for the Women's Field Army of the American Society for the Control of Cancer, met Tuesday afternoon at the home of Mrs. Harry Parker Van Wagenen on John street to make plans for the enlistment drive which will begin Saturday, April 1.

Mrs. Van Wagenen, one of the vice commanders of the Women's Field Army, and Dr. Mary R. Lakeman of Rochester, a member of the committee of the state of New York division of the cancer committee, gave final instructions to the captains and lieutenants from the various counties and distributed the necessary literature and campaign material.

New Paltz, Liberty, Albany, Troy, Monticello and Cobleskill and other communities which were represented at the meeting unable to send representatives will be contacted by Mr. Van Wagenen.

This campaign for enlistment in the Women's Field Army will be carried on all over the union with 46 states and 134,000 members participating.

Golden Wedding Anniversary

A group of relatives and friends surprised Mr. and Mrs. Willis Wolven of Spillway Monday evening in honor of their 50th wedding anniversary. They were presented with flowers, gifts and money, accompanied with many good wishes. Guests of Mr. and Mrs. Wolven were Mr. and Mrs. Robert Wolven and daughter, Lois, Mr. and Mrs. Asa Wolven, Mrs. Mary Myers, Mrs. Elvina Wolven, Miss Edna Wolven, Mr. and Mrs. Edgar Rowe, Mr. and Mrs. Nicholas Rowe, Paul Rowe, Mr. and Mrs. W. C. Russell, Mr. and Mrs. Reuben Shultz, Miss Olive Shultz, Ira Saxe, Mr. and Mrs. John H. Saxe. Games were enjoyed until delicious refreshments were served. The latter part of the evening was spent in group singing.

Congregational Entertainment

The Sunday school class of Mrs. Frank Shaw of the Union Congregational Church will present an entertainment in the Sunday School room, Friday evening, March 31, at 8 o'clock. A silver offering will be taking. Those taking part in the program will be Miss Alice Lowe, Miss Lorraine Hornbeck, Miss Rosaline Winters, Mrs. Burdette Tuttle, Mrs. William Grant, Jacqueline Morgan, Natalie Lowe, Alice Lowe, Bernadette Brazee, Mary Arold, Norma Neer, Arvesta Cassell, Genevieve Stalter, William Anderson, Ida Arold, Jean Anderson, Joan Heidenreich, Shirley Parslow and Gladys Paulus.

Biblical Drama Tonight

The Rosendale Christian Endeavor's biblical drama "A Dream of Queen Esther," will be presented at the Fair Street Reformed Church this evening at 8:15 o'clock. This drama is being portrayed by the C. E. of the Rosendale Reformed Church under the auspices of the Branches and D. Y. B. classes of the local church.

T. X. T. Club Elects Officers

The T. X. T. Club of Flatbush held its 29th annual banquet last evening at the club house with 60 members in attendance. Following the dinner election of officers took place with Harry Carle elected president; John Merrill, vice president; Miss Helen Anderson, secretary, and Mrs. Harry Carle, treasurer.

Seven new members were also installed and welcomed into the group; Mr. and Mrs. Alvin Palen, Claude Palen, Mr. and Mrs. Hans Carlson, Clinton Lasher and Brier Ducker. The remainder of the evening was spent in playing games and dancing.

Lions' Hold Second Party for Blind

The Kingston Lions Club held its second party for the blind of the district Monday night at the parish house of St. John's Church. The blind and their escorts were brought to the hall by members of the club. After social preliminaries refreshments were served by the Woman's Auxiliary of St. John's Church, during which music was furnished by the "Kingston Cut-ups," Bob Hudler, Bill Wood, Don Wood, Glenn Knapp and Dave Naske.

Lion Lloyd C. Anderson was master of ceremonies and started the party with a few songs old and new. Several fine vocal selections were offered by the "Musical Marathon" quartet, Evelyn Watrous, Madeline, Muriel and Dorothy Smith. Further entertainment was provided in the form of Hawaiian music by the "Tahitians," Gordon Craig, Jr., Clifford Every and Donald Jacob. All of these entertainers graciously donated their services, and were much appreciated by the Lions and their wives, the blind and their escorts, who composed the audience.

President Charles Haynes gave an address of welcome and introduced the speakers of the evening, stating that more of these affairs were to be planned for the future. Three of the blind spoke, Arthur E. Thomas, Mrs. Baxter from Rosendale (who did the needlework displayed at the gathering), and Miss Effie M. Struthers, home teacher for the State Services Bureau for the Blind.

Other speakers were Miss Howell, sales organizer for the Albany Association for the Blind, the Rev. Maurice W. Verno, rector of the church, and Frank Reber, who outlined the plans of the Lions Club in the future with regard to the blind, and told of some of the cases now being helped. Another official Lions Club came, white with red tip, was presented to one of the blind, making a total of three canes now in use. Each of the ladies present received a rose from the several vases decorating the hall.

Miss Janet Brown To Marry in June

The Rev. and Mrs. Clarence Edward Brown of this city announce the engagement of their daughter, Miss Janet Brown to Dis Maly, son of Mr. and Mrs. Evariste Maly, of Rochester, N. Y.

Miss Brown was graduated from New York State College for Teachers in Albany in 1935 and has since studied at Cornell University.

Mr. Maly was graduated from the University of Rochester in 1933 and received his M. A. degree from Harvard University in 1934. He is at present a member of the faculty of Rensselaer Polytechnic Institute, Troy.

The wedding will take place in June.

Scientists Studied at Club

Lowell Club studied American Scientists in the Hall of Fame at its regular meeting held Tuesday at the home of Mrs. Oscar Edwards on Albany avenue. The round table discussion was in charge of Mrs. James J. Murphy, Jr., who discussed John James Audubon, Asa Gray and Louis Agassiz. The paper for the afternoon was on Matthew Fontaine Maury and was given by Mrs. M. S. Conklin. The next meeting will be held at the home of Mrs. Herbert Fister, 236 Smith avenue.

MODES of the MOMENT

By ADELAIDE KERE

Here is an Easter bonnet designed for the woman of forty or more who is weary of dizzy chapeaux. It is made of navy blue Swiss tapestry straw with a slanting brim topped by curls of the same straw. From it falls a blue chenille-dotted veil. Howard Hodge designed it to wear with a frock of sheer navy blue wool.

to Dr. and Mrs. Fred S. Carr of Pearl street.

Dr. and Mrs. Frederick W. Hoi-count of Fair street left today for a vacation at Pinchurst, N. C.

Mr. and Mrs. Charles W. Walton of Albany avenue will have as their dinner guests this evening Mrs. Harcourt J. Pratt, the Rev. Dr. Frank B. Seeley and Mrs. Seeley and Miss Annie K. Fuller.

A son, Joseph Denny Sargent Hinkley, was born Monday in the Kingston Hospital to Mr. and Mrs. J. William Hinkley of Catskill, formerly of this city.

Mr. and Mrs. Ralph Gregory of Manor avenue spent the week-end in Cambridge, Mass., as the guests of their son-in-law and daughter, Mr. and Mrs. Thomas Downes.

S. Willis Ryder, son of the Rev. and Mrs. Stephen W. Ryder of Flatbush, returned to Mt. Herman School Tuesday, after visiting his parents during the spring vacation.

Mr. and Mrs. Harrison Woolven of 528 Broadway, are entertaining Miss Vera Whipple of Lexington.

Mrs. Saul Smith of Smith avenue left last week to spend the Easter semester with her daughter, Marjorie, a student at Tulane College in Greenville, Tenn.

Ham and Eggs

Buttered Spinach

Bread Currant Jam

Relish Salad Bowl

Cherry Pie Coffee

Ham And Eggs

1 1/2 pounds sliced ham (smoked)

1 egg

1 tablespoon butter

1/2 teaspoon salt

1/2 teaspoon paprika

1/2 teaspoon chopped parsley

Select ham cut one-fourth of an inch thick. Cut into serving pieces. Discard the rind. Heat frying pan. Add and quickly sear ham on both sides. Cover with lid. Reduce the heat and cook the ham for ten minutes. Turn several times to allow even cooking. Remove the ham to a heated platter which has been kept in a warm place. Break the eggs, one at a time, into a saucer and then carefully slip into the hot ham drippings. Add the water and cover with a lid. Cook until a white film forms over the top of each egg. Sprinkle with remaining ingredients and serve.

Relish Salad Bowl

1 cup chopped cabbage

1/2 cup chopped celery

1/2 cup grated raw carrots

1/2 cup chopped parsley

1/2 cup French dressing

Mix and chill ingredients.

Cherry Pie Filling

1 cup granulated sugar

1/2 teaspoon salt

1/2 teaspoon cinnamon

1/2 teaspoon butter

1/2 cup seedless cherries

Mix the sugar and flour. Sprinkle two tablespoons over the bottom crust. Mix the rest with the remaining ingredients and fill the crust. Cover with top crust and bake for ten minutes in a hot oven. Lower heat and bake 30 minutes in a moderate oven.

Striking Slip Covers Made in Simple Steps

Smart to Combine Fabrics

Fresh as a spring day—this stunning slip cover style transforms your wintry-looking chair. And it costs little, for you easily make it yourself.

Smart to combine a striped fabric with a plain one. Pretty and long wearing is a closely woven cotton in a woody green striped in off-white—and it combines well with a plain fabric of the same shade of green. Use trim bound seams, a new-style straight flounce with a "kick pleat" at each corner.

To tailor the cover professionally, smooth the fabric down back and over seat, right side up for bound seams. Anchor with pins along top and sides. Between seat and back allow 4 inches for tuck-in. Cut along pins, leaving 1 1/2 inches for seams.

In the same way pin and cut arms, sides and back—and for the arm fronts cut paper patterns.

Now for the basting, trying on and stitching. The smart flounce is the last step—and you make it easily from a straight piece.

Complete details of cutting, fitting and finishing slip covers are given in our 32-page booklet. Tells clearly with instructions and diagrams how to fit any type of chair or sofa. Gives helpful advice on color schemes, trimmings, fabrics.

Send 10c in coin for your copy of HOW TO MAKE SLIP COVERS to Kingston Daily Freeman, Home Service, 635 Sixth Ave., New York, N. Y. Be sure to write plainly your NAME, ADDRESS and the NAME of booklet.

Lutheran Service

At the Evangelical Lutheran Church of the Redeemer on Wurts and Rogers streets the regular mid-week Lenten service will be held tomorrow evening at 7:45 o'clock. The Rev. Russell S. Gaenzle is delivering a series of sermons on "Christ Speaks From Calvary," the topic tomorrow evening being "The Word of Agony." The chimes will ring at 7:25 o'clock, with the prelude recital at 7:30.

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will love you to dance and parties.

BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls who are full of pep.

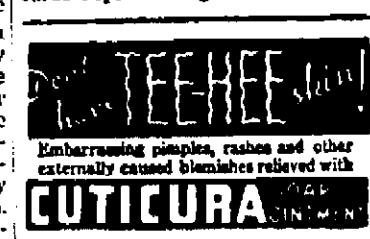

So in case you need a good general system, remember for 3 generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!

WPA Art Works Placed in Area

Woodstock, March 29.—A number of works done on the Federal Art project have been recently allocated locally and to neighboring towns by the Ulster county project. The allocations are Rosella Hartmann's prints "Bears" to the Daisy and High Woods schools; a photo mural, "The Cavalry Charge" to the New York State Armory in Kingston; a weather vane by Edward Thatcher for the Woodstock Town Hall, and a portrait by Soss Melik of Montgomery C. Smith to the Montgomery C. Smith High School in Hudson. The art caravan, or Ulster county project truck, which carries an exhibition of project paintings, will leave here to conduct a street exhibition of paintings for the opening day of the Junior League's art fair in New York city April 4. The same caravan will conduct a similar show in El-lenville on April 22.

Casey Shufflers Win Championship

The Knights of Columbus shuffleboard team captured the championship by defeating the Elks team last night at the Elks Club. Off to a good start the Knights won the first and third games with the Elks winning the second and fourth contests.

The stage was set for the play-off with Mickey Ryan and Pete Crough playing for the Elks and Ed Hanley and Andy Sweeney representing the Knights. The Knights won the game 50-36 and the shuffleboard tournament for '39 was ended.

All through the series the Knights piled up huge scores and the final totals of 17 games are Knights 798, Elks 592. The Knights won 12 games and lost but five. The K. of C. shuffleboard team of '39 will long be remembered as one of the most powerful aggregations ever.

At some future time the Knights will be presented with a trophy as an award for winning the championship. Scorekeepers were George Cragan and George Griffen, and the official referee was George Planthaber.

The results:

Knights, 50, Elks 29. Knights, Leo Jordan, Knute Beichert; Elks, Max Kaplan, Ike Trowbridge.

Elks 50, Knights 30. Elks, Pete Crough, Lou Sapp; Knights, Frank Brennan, Jim Devine.

Knights 50, Elks 26. Knights, Ed Hanley, Andy Sweeney; Elks, Mickey Ryan, Jack Feys.

Elks 53, Knights 45. Elks, Paul Samter, Gordon Fitzgerald; Knights, Al Weichert, Jim Dwyer.

Knights 51, Elks 36. Knights, Ed Hanley, Andy Sweeney; Elks, Mickey Ryan, Pete Crough.

Canzoneri Loses To Eddie Brink

New York, March 29 (AP).—There's more of the "fox" and less of the "tiger" in little Tony Canzoneri these days, but the one isn't enough to offset lack of the other.

That fact stood out from the close decision the former lightweight champion dropped to Irish Eddie Brink of Scranton, Pa., a distinct underdog, before a crowd of 3,569 which paid \$8,725.50 to see the charity show at the Hippodrome last night.

Tony gave a masterful exhibition of ring craft. There were minutes at a time when he bobbed and weaved out of the way of flurry after flurry of punches. But there were just enough times that he bobbed when he should have weaved to give Brink the verdict by a narrow margin.

TRAINING CAMP BRIEFS

(By The Associated Press) Sarasota, Fla.—The answer to the biggest question about the Boston Red Sox pennant chances—Lefty Grove's arm—may be had by dusk tonight. Grove is to receive his first real test against the Cincinnati Reds.

Clearwater, Fla.—When the Brooklyn Dodgers picked up Ray Flayworth at the waiver price, they apparently picked up a lot of baseballs for Dolph Camilli, too. Camilli, who hit only .251 last season, has been using the Rayworth model but of blowing the stick is smaller and lighter than the one Dolph used to use, but he says it feels just right.

Los Angeles—Going into the fifth game of their long-range "city series" with the Cubs with the count at two and two, the Chicago White Sox have been cheered by the news that Pitcher Vic Fraiser is recovering rapidly from the skull fracture he suffered when he was bearded the other day. According to Coach Billy Webb, Fraiser should be able to pitch early in May.

St. Petersburg, Fla.—Lou Gehrig may be through, but Lou Gehrig doesn't know it. "They've been burning me all spring," he announced today, "but no one has sent me lilies yet." Then he took his turn in batting practice and belted three straight pitches over the rightfield wall. His two singles in yesterday's game weren't exactly powder-puff batting, either.

Henry Armstrong Writing a Book

New York, March 29 (AP).—The literary set may like to know that Henry the Hammer Armstrong, boxing champion, is turning author.

At odd times in the past, however, the Hammer has put his hand to composing music and writing verse. In his off-times these days, his artist's soul is at work again. He's "doing" book, the autobiography of Henry Armstrong. He has it about one-third finished, and he's calling it, "The Glory Road."

To Roll Against Joneses Saturday

FITZGERALD BREWERS OF TROY

The return of the Fitzgerald Brewers to Emerick's alleys to compete against Ad Jones' Dairyman is scheduled for Saturday night at which time the keggers from Troy will try to uphold the record they made on their last appearance when they rolled a 3199 triple and turned in an 1167 game. The lineup pictured, left to right, are Joe Tabor, Al Chatfield, Paul Heffron, Fred Feyl, "Chick" Foley, Frank Beditz and "Moon" Mullins.

Crystal Beauty Bowlers Win Gold Division Title In Silver Palace League

The Crystal Beauty Shoppe swept into the championship of the Gold Division, Silver Palace League, last night, by winning three straight games over the Jones Dairy keggers, title holders in the loop for four years in a row.

Going into the fray for the pennant, the Dairyman held a one-game lead which accounted for the crowd that flocked to the Emerick alleys for the match, which gave the spectators all the thrills they anticipated.

The Crystals staged an uphill battle to win the first game in the last frame, 973-965. Two pins decided the second game, 905-903, as a six pin fill on a double by Williams robbed the Dairyman of a chance to win. This was the turning point of the series.

In the third game, the Crystals opened with plenty of vim and led all the way to run up a 987-859 score, thus clinching the championship for the season.

Bob Hanley and Freddie Rice were the Crystal heroes, Hanley turning in a fine performance in the lead off with 607 and Rice as the anchor with 602. Harold Broskie made 590, Ferraro 542 and Tiano 524. Gil Sampson's 629 was high series for the engagement.

Crystals ran up 2,857 for the match, and Joneses 2,827, only 30 pins separating the two teams.

With heavy pressure bearing on all the way, "touches" and tough breaks popped up often. Ad Jones went down with his club, converting the difficult 5-7 and 5-10 splits.

In the earlier matches, Lou Hynes, rolling with his Shoemen, posted the second highest score of the season, 694. Al Studt's 727

leads the parade. The Hymeses went over the 3,000 mark for the second straight week, registering 3,003 against 2,676 posted by the McEntees, who lost three in a row.

The Italian Americans upset Jack's Garage keggers three straight in the other match on the card.

Lewis-DiCastro Match Should Be Highlight of Boxing Card on Friday

KELLY'S CORNER • By JOE KELLY

Entries Pile in for Cage Tourney ... Blackbirds May Stay in Troy

We notice Al Kieffer, one of Ad Jones' star bowlers, was absent from the lineup last night when his Dairyman dropped the championship they'd held for four years.

Kieffer kept in touch with Emerick's alleys by 'phone from his bedside. The latest is that Jack Dempsey is interested in Al Melville, local stunt swimmer.

Chuck Henke today reported from the Y. M. C. A. that these teams had entered the Hudson Valley Basketball tourney to be held at the "Y."

Crusaders of Poughkeepsie, All Stars of Ellenville, Mud Hens of Kerhonkson, Corliss Brothers of Poughkeepsie, Fuller Clermonts, Baltz Pajama-makers, Kinney Shoes, French Dye Works (Milt Dubin and the K. H. S. ex-varsity), Battery A, all of Kingston and the Sullivan County Eagles from Hurleyville.

What's this we hear about Pete "Rosebud" Schling? Jackie Russo, 13-year-old-son of Mr. and Mrs. Victor Russo won the Golden Glove elimination tournament at New York State Military Academy, Cornwall.

The son of James A. Farley, postmaster general, won a silver glove.

The Casey Shufflers won the tournament from the Elks. Now Mickey Ryan don't have to worry about losing his sword.

Henry Armstrong is after win No. 45 Friday night when he boxes Davey Day. Jess Willard and Luis Angel Firpo may team up for an exhibition tour of South America.

Charlie Kutsinger is pretty sure to ride Porter's Mite in the derby. Ferndale, N. Y., will be the site of Max Baer's training activities for Lou Nova.

Barney Ross used to prepare for his battles there. If the L. I. U. Blackbirds win at Troy tonight, they'll be offered a nice contract to move in and represent the town in the American League next season.

Colorado Springs can have Armstrong vs. Montanez if the promoters can dig up \$60,000 and lay it on the line. Joe McCarthy says both Wes Farrell and Oral Hydebrand will be regular starters for the Yankees this year.

Glen Lee opens his ring campaign in the east on April 21 against Frankie Blair in the New York Hippodrome.

A Day in the Life of a Champion Show Dog

CHAMPION Pillioec Rumpelstilskin, C. O., poses quietly for a photographer. This view does not show that his head is long and narrow—a characteristic of champion poodles.

CURLY drinks milk from a bowl he won as a trophy. The special cap, designed by Tecla Stoecker, keeps Curly's ears from falling into the milk.

HENRY STOECKER brushes Curly to prepare him for an appearance in a dog show. The process takes four hours. Stoecker keeps Curly's wool properly clipped.

STOECKER, Curly's trainer, gives the dog a workout. This is not play, but a daily routine. The picture reminds you of a boxing man doing road work with a trainer.

CURLY leaps gracefully over a row of low hurdles. The "C.D." after his name means "champion dog," and shows he has passed obedience tests. As his trainer directs, he leaps, chases thrown objects, or lies still.

AND CURLY comes straight up, over a high hurdle. Perfectly obedient, he never barks objections to orders.

Still disturbed over losing in the Albany Golden Gloves tournament, Bradley Lewis wants to make the trip to San Francisco as an alternate to compete in the nationals the second week in April.

And, with Lewis feeling the way he does, Ralph DiCastro is in for a red hot fistic session when he competes as the Adirondack A. A. U. middleweight champion at the auditorium Friday night in one of the five rounders.

Friday's card features the Adirondack A. A. U. team which goes to the west coast seeking national titles. On it are two local fighters, Charles "Sergeant" Perry of Kingston and Charles "Ragins, Saugerties featherweight.

DiCastro won a decision over Lewis some time ago at the auditorium, and figures on repeating. He did not fight the former international champ in Albany, Mel Hawkins of Camden C. C. C. Camp having eliminated Lewis before he got a crack at the Rome star.

"I want to trim DiCastro just to show that I'm still as good a fighter as I used to be. I think I should have had the decision when we met in Kingston before," said Lewis.

DiCastro in the best of condition, anticipating hard competition when he gets to San Francisco, is ready to repeat over Lewis and is confident he will Friday night.

The calibre of the card to be presented here is expected to pack the auditorium with fans anxious to see the San Francisco team in action. Starting time is 9 o'clock.

Some of the best amateurs have been matched with the champions as may be seen by the card which is as follows:

Cozy Storace, Rome, vs. Buddy Benoit, Amsterdam, runner up in the Albany finals, welterweights.

Billy Pintl, Rome, vs. Ellis Byndum, New York, bantamweights.

Bert Eramo, Utica, vs. Charlie Ragins, Saugerties, Adirondack A. A. U. featherweight champion.

Ralph DiCastro, former international champion, who was eliminated in semi-finals at Albany.

Don Aiken, Rome, vs. Leo Sarinelli, Albany, who lost to Aiken in a close match for the Adirondack 112 pound title last week.

Keene Simmons, Salem Crescent heavyweight who took part in the New York Golden Gloves, vs. Sergeant Perry, Kingston, Adirondack A. A. U. light-heavyweight champion.

Sammy Rizzio, Johnstown, vs. Manuel Rosa, former metropolitan lightweight champion, who lost to Rizzio in Albany.

This array of fistic matches looks like one of the best cards ever arranged for the auditorium, with no expense spared in bringing the boys to Kingston regardless of the distance they must travel.

"Kingston has produced two champions (Ragins and Perry) for the Adirondack A. A. U. and the fans deserve a treat," said Chairman Becker when he gave the card to the press.

FIGHTS LAST NIGHT

(By The Associated Press) White Plains, N. Y.—Antonio Carrico, 172½, Tarrytown, N. Y., knocked out Fred Lewis, 165½, New York, in 41 seconds of the first round and Eddie Gomoka, 143½, New York, outpointed Nick Di Chiaro, 145½, Newburgh, N. Y.

White Plains, N. Y.—Tommy Ferrara, 145, Mount Vernon, N. Y., outpointed Mickey Donahue, 146, Stamford, Conn., (8).

Hartford, Conn.—Bobby (Poison) Ivy, 130½, Hartford, outpointed Frankie Terranova, 138½, New York, (8).

Reformed Church To Give Cantata

'The Crucifixion' to Be Sung by Kingston Choir Good Friday

In the spring of 1925 Stamer's Crucifixion was sung by the choir of the First Dutch Church on Good Friday, thereby inaugurating for the Protestant Churches of this city a service commemorating the events of that day, with the hope that a service might become a regular part of the First Church's annual program.

This hope has been realized and for 14 consecutive years this cantata has been given in its entirety and has been anticipated each year by a large number of people from Kingston and nearby towns, who have felt the peculiar appropriateness of this work, the words and music of which tell the story with great simplicity and feeling.

This year, for the 15th time, "The Crucifixion" will be sung at this church, under the direction of W. Whiting Frederburgh, on Good Friday afternoon at 3 o'clock.

Window Veils Put Public in 'Shade' Prior to Display

Behind-the-Scenes Activity Great Throughout Uptown Business Area for Spring Display

If you see windows in the Kingston business section veiled Thursday afternoon it will not mean that the store is going out of business. It will mean that the merchant is one of those participating in the Spring Opening Display which will be observed tomorrow evening at 8 o'clock.

The reason for so many windows being veiled to view will be that the merchant is busy dressing his window to compete in the Spring Display Contest which will open promptly at 8 o'clock when the windows are unveiled to the public.

The public is invited to enter in the contest to estimate the actual retail value of merchandise in a window of every participating store. Windows which are to be judged will contain a card stating that the window is entered in the contest. All that is required is to take a slip at the store entrance and enter your estimate of the retail value of the merchandise displayed in the window which is entered in the contest, sign your name and address and deposit it in a box before 10 o'clock. The boxes will be found in front of uptown stores.

In a big pre-Easter display of spring merchandise the Kingston Business Men's Association will sponsor the annual Spring Display Opening. Ribbons will be awarded to the merchant having the best window displays. The displays will be studied and awards made by judges appointed in the contest. Announcement of the winners in the merchandise prize contest will be announced as soon as the winners are ascertained.

With some 50 prizes being awarded in the contest the public has a wide choice in the contest and many opportunities to win valuable merchandise. Over \$150 in merchandise will be awarded by the merchants.

The date is Thursday, March 30 and the time of the unveiling will be 8 p. m.

Woman Is Dead Of Rare Malady

U. S. Health Investigators Study Sleeping Sickness in Laboratory Worker

Pearl River, N. Y., March 29 (AP)—A federal health investigation has been ordered into the death of a woman from a form of sleeping sickness believed until last night to have affected only horses.

Two weeks ago yesterday, Mrs. Ruth C. Ramsey, 28, an employee of the Lederle Laboratories, Inc., died in a Nyack, N. Y., hospital. She was in a coma four days before she died.

For several weeks she had been engaged in injecting a virus into chicken eggs to produce a serum used as vaccine for horses with equine encephalomyelitis, a combined inflammation of brain and spinal cord.

Contracts Disease

Dr. William C. Malcolm, executive director of the laboratories, announced yesterday that tests disclosed that Mrs. Ramsey had contracted the disease itself. He said the company was not at fault. Boston and New York health departments were checking the laboratories' findings.

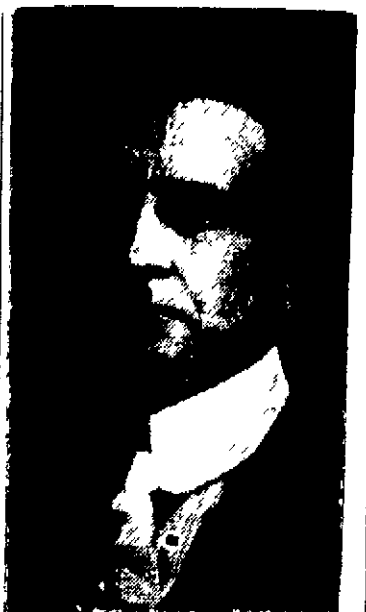

Last September, sleeping sickness among a number of children in western Massachusetts was traced to infection from horses and verified by the Rockefeller Institute in New York. A similar discovery was made in the far west about the same time, and equine encephalomyelitis has been found since in other animals.

As a result of the laboratories' findings, Dr. Malcolm said representatives of the U. S. Bureau of Animal Husbandry, the public health service and the national institute of public health would come here today to investigate further Mrs. Ramsey's death and seek to determine the causes of infection in order to forestall a possible spread of the disease from horses to humans.

As an aid in fighting cancer, the Joliot-Curie cyclotron has recently been completed at the New College of France, for the production of artificial radium.

Funeral Is Held For C. L. Kelly

Spencer's Business School Proprietor Is Buried Tuesday Afternoon

CHARLES L. KELLY

Funeral services for Charles L. Kelly, for many years proprietor of Spencer's Business School in this city, were held Tuesday afternoon at 2 o'clock from the parlors of A. Carr & Son, 1 Pearl street, and were very largely attended. The services were in charge of the Rev. Arthur G. Carroll, pastor of St. James M. E. Church with which Mr. Kelly was affiliated.

Attending the services was a large delegation of students from Spencer's Business School attending in a body.

Mr. Kelly died Sunday at his residence, 23 Janet street, after an illness of six years. Born at Baldwinsville, he came to Ulster county as instructor in Spencer's Business School and later became owner of the school which he continued to operate until his retirement because of ill health. When management of the school was turned over to his son, Delmar G. Kelly, who continues to operate the school.

Burial was in Montrose Cemetery.

M. E. Conference In Poughkeepsie

Bishop McCannell to Be Presiding Officer at 110th Convention

Bishop Francis J. McCannell, D.D., LL.D., will preside for the sessions of the 140th New York Annual Conference of the Methodist Episcopal Church which will convene at the Washington Street Methodist Church, Poughkeepsie, Thursday, April 13, through Monday, April 17. Upwards of 800 visitors are expected for the conference sessions. Dr. Howard E. Thompson is pastor of the host church for the sessions, the program for which has been completed.

Sessions will begin at 10 o'clock Thursday morning, April 13, with the examination of candidates for orders and admission on trial, and the annual meeting of the board of Ministerial Training.

At 2 o'clock Thursday afternoon, Holy Communion will be administered after which the annual memorial sermon will be preached by the Rev. Samuel A. MacCormac of Highland. At 3 o'clock in the afternoon, the organization of the conference and roll call will take place after which the first conference business session will be held.

Gross Opposes More Tax Levies

Nathaniel B. Gross of the Mann & Gross real estate agency, yesterday made the following statement as to his position regarding increased tax levies by the state:

"I am opposed to any tax that will increase the burden on real estate at this time. The state government should be operated so that it will spend within its means.

"Common sense economy such as would operate in any well managed business, to insure success, should prevail.

"It is the duty of every citizen who cares anything about his rights under our constitution and for the welfare of his children to petition the legislature so that no taxes detrimental to the interests of the state will be levied at this time.

"Real estate at present is bearing most burdensome taxes. Unless relief is given to real estate in New York state it cannot recover from its present depressed condition."

Minstrels Will Salute Kingston Tomorrow Eve

Kingston will be saluted over the air by the NBC Modern Minstrels over Radio Station WJZ of the Blue network of the National Broadcasting Co. on Thursday evening at 10:30 o'clock, according to a telegram received Tuesday evening by Thomas W. Miller, secretary to Mayor C. J. Heinselman.

Mr. Miller has been in contact for several weeks with radio officials in charge of broadcasts which have been giving salutes to various cities, and it is through his efforts that Kingston will be saluted over the air Thursday.

Several nights ago Poughkeepsie was saluted over the air by one of the big radio stations.

Traffic Deaths Drop 12 Per Cent

Decline Is Noted for 16th Consecutive Month, Says National Council

Chicago, March 29 (AP)—Highway traffic deaths declined 12 per cent in February, the 16th consecutive month to show fewer fatalities than the same month of the preceding year.

The nation's February death toll was 1,810, or 250 less than that of February, 1938, the National Safety Council reported today. It raised to 8,900 the theoretical number of lives saved on streets and highways since the record period of unbroken traffic improvement began in November, 1937.

Added to the 210 lives saved in January, the February mark made the 1939 total 460. Both the January and February death totals were the lowest for those months since 1933.

A most encouraging phase of the sustained improvement, the council said, was that it came without a decrease in travel. In 1938 the 49 per cent death reduction was accomplished with no change in mileage from 1937. In January this year the record was better, the 8 per cent cut in deaths coming with an 8 per cent increase in travel.

Reduction in traffic deaths this year was recorded by all sections of the country except the Pacific states which had a 5 per cent increase. By states, Wyoming led with a drop of 69 per cent, followed by New Hampshire with 67 per cent. New York theoretically saved the most lives, 83.

County Dairymen To Meet April 6

Meeting Held Monday Night Is Attended by Several Milk Producers

A meeting of the Ulster County Milk Producers committee was held at Accord Monday night. In addition to the chairman, John L. Schoonmaker, the following dairymen attended the meeting: Lawrence Larsen, Stone Ridge; Ira Deyo, Accord; Morris Simonofsky, Kerhonkson; Hugh Kelly, Jr., Ellenville; Mr. Holley, Ellenville; David Jewitt, Harry Quick, Percy Moesman, New Paltz; Albert Kurdt, Kingston.

A meeting of all Ulster county dairy farmers has been called for Thursday, April 6, at 8 o'clock, at the I. O. O. F. hall, Accord. The committee is securing a speaker to give to the producers and business men a complete picture of the milk situation to date.

Speaking of the situation a local producer said this morning: "All dairy farmers must unite in a program to secure a living price for milk. We must have 100 per cent cooperation among producers. It is with this purpose in mind that we want to get every producer group organized. We can have cooperation if we rally around the county committee and the central committee of producers. As farmers our job is to keep together in this time of stress, unite more firmly and build for a united push to the good."

At 2 o'clock Thursday afternoon, Holy Communion will be administered after which the annual memorial sermon will be preached by the Rev. Samuel A. MacCormac of Highland. Local Men Attend Millard Dinner

Man Employed 50 Years in State Legislature Given Banquet

Two former Ulster county assemblymen attended the anniversary dinner tendered to James Husted Millard at Hotel Ten Eyck, Albany, Tuesday evening in honor of his 50th consecutive legislative session of service in the Assembly. The former Ulster assemblymen were Edward Young of Milton, who represented this district in the Assembly some 30 years ago, and Millard Davis of Kerhonkson, who preceded Assemblyman J. Edward Conway.

Others who attended the dinner from Ulster county were Senator Arthur H. Wicks, former County Treasurer Herbert E. Thomas, Supervisor Jay Rifenbary, County Auditor and Purchasing Agent Jay H. Heaton, Deputy County Treasurer Luther Dusmoro and Assistant Day Jailer Keates Young of Sheriff Aolynaux's staff.

The Legislature convened Tuesday evening, but informally, at the Ten Eyck ballroom when more than 400 legislators, friends and office workers connected with the Legislature paid tribute to Mr. Millard who started his Assembly service in 1890 at the age of 12 as page boy. At present he is confidential clerk to Assembly Majority Leader Irving M. Ives.

Speakers were Oswald D. Heck with Lieutenant Governor Charles Poletti, president, and Senate Minority Leader John J. Dunnigan, Assemblyman Ives; Assembly Minority Leader Steingut and Senate Majority Leader Joe R. Jlaney.

Assemblyman Herbert A. Bartholomew was chairman of the arrangements committee of which former Governor Alfred E. Smith was honorary chairman.

Mr. Millard was presented with a gold medal bearing the seal of the state and an oriental rug by his associates. There were several floral tributes from friends.

At the same time Mrs. Millard was guest of honor at an entertainment given by the Republican women of the Legislature at Hotel Ten Eyck.

Planes and Boats Scour Mississippi For Missing Girl

Mystery Surrounding Music Student Who Sailed Off in \$2 Craft Occupies Memphis Officials

Memphis, Tenn., March 29 (AP)—Police Inspector Clegg Richards said he received word today from the sheriff at Helena, Ark., that Miss Hope Brewster, missing since Monday and believed to be paddling down the Mississippi in a \$2 skiff, had been found safe.

Wide Search Begins
Memphis, Tenn., March 29 (AP)—A fleet of speedboats scoured the nearby Mississippi river area today, seeking to untangle the mystery surrounding the disappearance of a pretty, 24-year-old musician who stepped aboard a frail rowboat here Monday afternoon and presumably set out for New Orleans.

Police said the socially prominent girl, Miss Hope Brewster, a Southwestern College (Memphis) honor graduate, paddled away from the dock shortly after purchasing the second-hand craft for \$2 from Russell Hardwick. She was last seen about 10 miles below Memphis, piloting the tiny boat through the treacherous waters. She had told Hardwick she "was going to New Orleans."

Rivermen's Estimate
Rivermen estimated the strong current might have carried the boat 100 miles downstream by the time the search was started. Two negro dockhands said Miss

Brewster took with her only a music case and a large bottle. Miss Brewster made her home here with Mr. and Mrs. Frank Sturm.

Police Inspector Clegg Richards said she left the Sturm home Monday morning for the College of Music, but that she did not report. Mrs. Sturm said the girl acted "normal in every way."

Veteran rivermen were of the opinion Miss Brewster would make very little headway on the trip of more than 500 miles because of her unfamiliarity with the stream's general course.

"There are too many channels she could get into thinking she was following the main course of the river," said C. C. Cobb of the United States engineers.

Flatbush Program
The Ladies' Aid of the Flatbush Reformed Church will present an entertainment and movies, "Safari on Wheels," Friday, March 31, at 8:15 o'clock. Refreshments will be served. The public is invited.

Tick-tock

Come get your new clock!

Here is your clock shop, and these are the clocks: lacquered metal or lustrous ivory electric clocks to beautify your room; clocks that fit into the background. Chiming Seth Thomases; Big Bens with chime alarms for light or heavy sleepers; and Baby Bens so quiet you don't know they're around! The Sista, which tinkles a "Good morning" hint first, then rings in a business-like voice ten minutes later. Clocks for boudoir, clocks for traveling, and a combination clock, perpetual calendar and paper-weight. Clocks insulated against noise. Clocks that hang! Clocks that tilt! And a special electric clock for bachelors!
